1

$$\underline{\quad 6 \quad} + \underline{\quad 2 \quad} = \underline{\quad 8 \quad}$$

2

$$\underline{\quad \quad} + \underline{\quad \quad} = \underline{\quad \quad}$$

3

$$\underline{\quad \quad} + \underline{\quad \quad} = \underline{\quad \quad}$$

Directions: 1–3. Count the objects in each group. Write the numbers on the line below each picture. Trace the equals sign. Circle the groups to join them. Write how many objects there are in all.

4

_____ + _____ (5) _____
 _____ + _____ (5) _____
 _____ + _____ (5) _____

5

_____ + _____ (5) _____
 _____ + _____ (5) _____
 _____ + _____ (5) _____

Vocabulary Check

6

equals sign =

$$\underline{4} + \underline{1} = \underline{5}$$

Directions: 4–5. Count the objects in each group. Write the numbers on the line below each picture. Trace the equals sign. Circle the groups to join them. Write how many objects there are in all. 6. Put a box around the equals sign.

Math at Home Make up an addition sentence such as $2 + 4 = 6$. Have your child underline the plus sign and circle the equals sign.
